# GLOBE FEEDS

and

# PINE TREE SEEDS

## In Mixed Car Shipments Save You Money on Your Freight Charges

Globe Feeds and Pine Tree Seeds can all be utilized in making up the minimum weight of a mixed carload shipment to certain shipping points. The respective carload freight rates apply on each commodity in the car. Write to us for full particulars concerning your shipping point.

Many merchants buy some seed from one point, feed from another point and pay local freight charges on each shipment. Combining orders and concentrating on Globe Feeds and Pine Tree Seeds has meant a big saving to many merchants. Possibly the same plan would be beneficial to you.

## QUICK MAIL MARKET QUOTATIONS

Material and labor costs have advanced considerably in the past year, but we are able to hold Nod-O-Gen inoculator prices at the same low and attractive basis that has been effective for several years. Zooming sales, with the consequent large volume of production, permit our maintaining our low prices which we pioneered many years ago.

We are constantly improving the high standards of Nod-O-Gen quality and we will not skimp in the use of finest materials in the product, nor neglect the same precision methods of production. We would rather raise the price of Nod-O-Gen than try to cut corners in production expense or in research, where there would be any danger of lowering the quality in any way.

Nod-O-Gen will be extensively advertised this year in an imposing list of leading farm papers. This advertising is to help you.

We hope to serve you with Nod-O-Gen during the coming season. Full details will be placed before you gladly, either by mail or through our representative, which ever you prefer. Your inquiry will indeed be appreciated.

**Our office and plant will be open for business Saturday mornings as usual, beginning Saturday, August 7th.**
